

In Gratitude!

The Editors-in-Chief, Karen Zimmerman, BS, ACS, RDCS, RVT, FASE, and L. Leonardo Rodriguez, MD, FASE, along with Associate Editor Rebecca L. Stepien, DVM, MS, DACVIM, would like to express our heartfelt thanks to our Managing Editor, Debbie Meyer, Elsevier staff, and our many faithful reviewers who handled case reports in 2020. We also wish to welcome Deputy Managing Editor Andie Piddington. We are grateful to the reviewers who have answered our requests to provide support and expertise with their timely reviews. Without their help, we would not be able to share this wealth of information and experiences with our readers around the world. We thank you all for making this possible and wish everyone a safe, happy, and healthy new year.
